

The Third Eye

The Third Eye sits atop an unfinished pyramid on the American Dollar Bill. A clue, telling us that there are secret teachings about this which we are not privy to. Somewhere, people are learning about this other eye and its powers, behind closed doors where we are not allowed to go. Is it the 'All Seeing Eye'? Does it have mystical powers? Will we ever find the answers we seek? A modern day mystery....

Since the beginning of time, people have used this eye and its mysterious powers. The ancients saw the world in a different way, an idealist, mind before matter way and took visions they'd seen as real. Egyptians working for gods they conversed with in ceremonies, enhanced with hallucinogenic drugs and Cannabis incense created one of the most amazing cultures in history to date. Out of Egypt came the Hebrews and the Jewish faith, who continued the mystical traditions. Talking to God on DMT bushes, miracles witnessed by whole tribes, ancient magic and sorcery, incantations and vision questing.

You can trace it all back to a lost civilization that suffered a great cataclysm and was wiped out. Some call it Atlantis or Lemuria. All over

the world relics of statues and artwork show a universal religion which revered the Third Eye. Pyramids built by these beings scatter the globe. Some even say its Ancient Aliens, the Sumerian Annunaki gods who descended from Space to genetically splice their genes with Homo Erectus, creating us! But thats a topic for another whole book.

The Hindus, the ancient Indian spiritual masters knew about this stuff. They still practice it today. Monks in Tibet regularly perform supernatural feats, along with samurai in the far east who can channel Chi and break bricks with their fingers. The hidden history of Jesus tells of him visiting India, where he learned esoteric secrets of healing and levitation, even visiting Egypt and learning the ancient mysteries there. Mysteries of the Third Eye.

We all have one, deep within our brain. Its common knowledge now since the invention of the internet, making sacred hidden wisdom known online to all, for good or bad. Some say that Dark Occultists have had this knowledge for centuries, millennia even, and have used it to subtly manipulate and steer society towards its own end goals in secret.

These masters of control are said to use ancient psychology to mind control the population and brainwash them into acting certain ways, even introduce themes and social norms into society over generations to change things without anyone noticing. Their said to have a global interconnected network of satanic people all working towards one great works plan of a New world order.

Clairvoyance, psychic gifts, voices... some call it spirit chatter. There have been documented cases throughout history of other worldly powers to do with this Third Eye. The Ancient Egyptians knew all about this eye, they even had hieroglyphs showing its structure and layout. Modern day scientists call it the Pineal Gland. Its got photoreceptors to perceive the light refracted from sub atomic chemical reactions within the crystals that sit inside it, and its connected to the rods and cones in your eyeballs.

Rumours are floating about that the Freemasons teach of this stuff. That the Third Eye and its powers are one of their highest secrets, reserved for those that make it to the upper echelons of their secret society. What do you think? This Freemasonic tracing board seems to show the Third Eye above all:

This deeply symbolic picture shows many things with hidden meanings, including the duality of the two pillars. The sun and moon representing male and female, good and bad, hot and cold. There are books out there on Mystic Masonry and how to study these symbols esoterically.... A very interesting topic worth researching on its own.

In ancient Indian spiritual tradition, there are 7 main chakras or energy points in the body. These are scientifically nodes where certain fluids flow through the body. The 6th Chakra in the centre of the head is known as the Third Eye Chakra. You can do Kundalini yoga to awaken these Chakras but I must warn you it is very dangerous, you can go Schizophrenic like I did.

The Chakras line up with Sepirot on the Tree of Life of the Kabbalah, which can also be used together with the Tarot. These are ancient esoteric techniques popularised in the Renaissance. They are an area of study all their own but it just demonstrates how intricately linked the esoteric traditions of the world are, chakras being Hindu and the Kabbalah being Jewish.

This is all Occult knowledge, hidden from the people by the powers that be in an effort to disguise the truth. Fluoride in the water calcifies the Pineal Gland in large amounts. It makes populations more docile. Atheism rules the academic circles of the world, and ridicule meets anyone stepping out of line with notions of Third Eye powers. Satanists of the 'Old Religion' are out there.

This knowledge was kept from the public for good reason, because it is very powerful. It was taught in the exclusive Ancient Mystery Schools where students would go through years of silence vows just to read one word of what I've told you here. It inspired all the greats of the past from

Newton to Aristotle, Pythagoras to Jesus himself. Now it is freely available to everyone online so Im hoping to see a lot of new Jesuses pop up!

A core teaching of Freemasonry is that you can use this knowledge to craft the Christ within, where every man is Jesus in his own right and rather than worshipping the saviour, you become him. Its possible with this knowledge.

So the third eye exists, what we need to find is the spiritual teachings and traditions of how to use it properly. This is a work in progress, and I could use your help, if youve made it this far and have any knowledge of any teachings about the third eye, please leave a comment on the website or go to the contact section and I will include it in the next chapter.
